

SHOW/SWING/JAZZ CHOIRS RULES

Just a few reminders regarding our Show/Swing/Jazz Choir performance category:

1. Music scores for the judges are optional. Sometimes it is easier for the adjudicators to listen and just watch your show instead of trying to follow the various music scores involved with the performance. If you plan on bringing scores for judges, you will need three **original** scores.
2. **Show/Swing Choir and Jazz Choir.** A warm-up selection may be performed before adjudication begins. There is no set number of selections that must be performed. Each group will be allowed a maximum of thirty (30) minutes to set up, warm-up, perform, and clear the stage. Any number of selections with choreography may be performed within this time limit.
3. Wenger risers will be available.
4. Groups have **30 minutes** in the performance room; this includes set-up, performance, on-stage clinic and clearing the stage. If the performance is 25 minutes in length, the clinic time will be sacrificed.
5. Groups may use CD background music if necessary. A piano is also provided.
6. There are no longer changing facilities available at Universal Orlando. Please arrive dressed or plan to change on your buses.
7. Each choir will have a ten (10) minute warm-up period in a designated warm-up area before its performance. Each school must supply a set-up crew to rearrange risers and piano (if necessary) prior to the choir's performance.
